

WORKING PAPER

Purpose	<p>This paperwork has been prepared to seek approval from Assoc. Prof. Dr. Hendrik bin Lamsali, Deputy Vice Chancellor (Student Affairs & Alumni) to join e-HOPE Day with our own trademark "Empowering the Internet Generation"</p>
	<p>Students nowadays are very inactive when it comes to co-curricular activities. They are more focused on their academic performance rather than participating in other activities. It is found that students who lack in extra-curricular participation have a downside of social interaction. This will then affect their social skills especially when it comes to looking for jobs.</p> <p>"According to New Straits Time, attendance which consumes 50 percent, achievement and involvement which takes up 20 percent each, and the position held in the club, society or uniform body makes 10 percent. Students need to strive on that 10 percent out of 100 percent weightage between academic assessments and co-curricular activities."</p> <p>(Vincent D'Silva – September 4, 2019 @ 8:00 pagi, https://www.nst.com.my/news/2015/09/co-curricular-activities-are-crucial)</p> <p>Through responsibility to produce more improvement skills in activities, we have to make sure that UUM students are aware with these efforts. As HOPE Day is an annual event organized by Student Affairs Department, we will take this opportunity to join it to promote our club/ association as well as our activities. Through</p>

	this program, UUM students will have various of opportunities to improve their skills as well as us.			
Aim	<p>Our aim for this program is that we are targeting to recruit 100 new members.</p> <p>We also aim to collect fees for our club’s income at least RM300 to be credited to club’s account contra.</p>
